- Music lessons—every Friday morning
- After school netball club—Elm class every Friday

### Reminders

- Elm class—Reminder that payment for Mersea is available on Arbor
- Beech & Maple class—trip available to pay on Arbor

#### Dear Parents,

Welcome back to the Spring Term. It has been lovely to see everyone back in school and to have the sun make a welcome appearance over the past few days. We would like to extend our thanks for your support following our uniform reminder sent this week - we know you do so much for the children, and we value your support in making sure our approach to school uniform is fair for everyone.

The Spring Term always feels like a busy one with lots of exciting things planned for the children. Today the children and staff enjoyed celebrating World Book Day! There were some great costumes around school and the children took part in a range of book-themed activities during the day. It was lovely to see everyone getting involved with lots of fun and smiles all round! We are also looking forward to Science Week next week. Every day next week will begin with a whole school 'wow' scientific experiment to kick-start the day. The children won't want to miss it!

Berst wishes—Mrs Coyle

Headteacher Awards	Week commencing 23.02.2026	Week commencing. 02.03.2026
Willow Class	Andy	Olivia & Zack
Beech Class	Sarah, Hugo & Griffin	Teddy & Darcie.R
Maple Class	Connie, Guilia, Flo & Isla	Star, Eden Louis & Brielle
Elm Class	Daniel, Ace & Annie-Rose	Demi-Mai & Gracie

Trips must be paid prior to the event happening. Please contact the school office if there are any issues.

## Willow

This week, the children have been developing their gross motor skills by exploring the high apparatus. Willows learnt to move in a range of different ways and began to negotiate space. An incredible amount of bravery and determination was shown throughout the session to attempt new things and master skills.

## Beech

This week we have been continuing our learning in Art about printmaking. We had great fun etching our designs into polystyrene foam, rolled over a paint colour of our choice and printed it onto paper. We were amazed to see how well some of our designs transferred!

## Maple

Maple Class have enjoyed using food across their lessons this week. In English we tasted tangy basil, juicy tomatoes and delicious ice cream, to inspire us to use descriptive vocabulary. We also used jammy dodgers in art. This was to give us a real life food to draw, looking at detail, colour and how the light fell on the biscuit. Then we got to enjoy eating them!

## Elm

Recently, in Science, we have learned how traits are passed from parents to offspring through genes and simple inheritance patterns. In English, we have been writing balanced arguments, presenting both sides clearly before forming a justified conclusion. Elm have also explored differences and similarities between religious creation stories and scientific cosmology explanations of the universe's origin in R.E. And in Geography, the children have been locating key cities, landmarks, and physical features in South Wales using maps and atlases.
